

WASHINGTON IRRIGATION COMPANY

**APPLICATION FOR WATER RIGHTS
CHANGE APPLICATION**

Instructions and Application for Agreement

1. Name of Applicant: _____
(Note: Applicant must be a shareholder or legal representative of a shareholder of the company to be eligible)

2. Address: _____

3. Contact Person: _____

4. Telephone Number of Contact Person: _____

5. Certificate Number of the Stock subject to Change:

6. Quantity of Water/Number of Shares to be Changed: _____

7. Description of the Lot or Property Where Water is Currently Used: _____

8. Description of Current Point of Delivery: _____

9. Description of Proposed Project (include details of reason for change, proposed place of use, point of diversion, nature of use, period of use): _____

10. The application must include an application fee of \$500 for the initial application review. Applications submitted without the application fee will not be reviewed and will be returned to the applicant. As set forth in the Bylaws of the Company, additional fees will be imposed following the initial review for a due diligence review and for costs incurred by the Company for professional review of the application.

11. The following must be attach to the application:
 - a. Map showing old place of use within the company service area.
 - b. Copies of Washington Irrigation Company Stock Certificates for proposed project.
 - c. Map showing the new place of use of water for proposed project.

d. Map and description of any retirement acreage due to proposed changes.

12. This application, plans, and application fee must be submitted to the company engineer at:

Hansen, Allen & Luce, Inc.
Orem Office – c/o Brian Andrew
287 East 950 South
Orem, Utah 84058
Telephone: (801) 404-5336
Fax: (801) 404-5337

13. Review and Approval Process:

- a. The company engineer will date-stamp the application upon receipt and will review the plans/drawings for technical feasibility and impact to the canal.
- b. The company engineer will forward three sets of plans/drawings and his review comments to the Company. The Company shall review the application pursuant to the criteria set forth in the Bylaws of the Company.
- c. If the application is approved, the Company will prepare an agreement, as set forth in the Bylaws of the Company, incorporating the plans/drawings and engineer's review comments that must be executed by the applicant.

14. Applicant understands that, as set forth in the Articles and Bylaws of the Company, the applicant shall pay all costs associated with any new diversion and to alter or repair the Company water system as necessitated by the proposed change. In addition to the application fee, the applicant shall pay any costs incurred by the Company for attorneys or engineers to review the proposed change. Applicant must be current on all Company assessments and will remain responsible for all future stock assessments. Applicant shall pay all costs and fees associated with filing the proposed Change Application with the Utah Division of Water Rights and effectuating the proposed change including the cost of filing proof, administrative costs, and costs associated with judicial proceedings.
